

Technical Data Sheet

VV™ Siloxa™ Lite

INCI Name: Cyclopentasiloxane (and) Trimethylsiloxysilicate

Revision 00

Effective from: April 2026

Description

VV™ Siloxa™ Lite resin is a unique blend of Trimethylsiloxysilicate and Cyclopentasiloxane. After the evaporation of the Cyclopentasiloxane, the high molecular weight silicone resin forms a highly durable film on the skin. It may be used in a wide range of personal care applications such as skin care, colour cosmetics, sun care, antiperspirants and deodorants. Even after stretching and washing, the film formed by **VV™ Siloxa™ Lite** resin remains smooth and undamaged. In sunscreens, **VV™ Siloxa™ Lite** resin can enhance the SPF wash-off resistance.

Typical Properties

Property	Condition	Value
Appearance		Transparent to slightly hazy liquid
Specific Gravity	25°C	1.00 – 1.10
Viscosity (cps)	25°C	400 - 600
Refractive Index	25°C	1.40 – 1.42
% Volatiles	135°C, 1.5g, 1h	40 - 60

These figures are only intended as a guide and should not be used in preparing specifications.

Incorporation

VV™ Siloxa™ Lite resin can be dissolved in different organic and silicone oils up to a concentration of 50% and more. To ensure the best film forming properties, it is recommended to use **VV™ Siloxa™ Lite** resin in the oil phase of the formulation. **VV™ Siloxa™ Lite** resin can also be added to an emulsion below 60°C.

Areas of Application

- Lip Products
- Make-up Products
- Creams/Ointments
- Sunscreens

Levels Of Use

5% – 50%

Storage

VV™ Siloxa™ Lite resin is volatile and should be stored in a tightly closed container in a cool and dry place. Store away from excessive heat. Shelf-life is 12 months from date of production.

Technical Data Sheet

VV™ Siloxa™ Lite

INCI Name: Cyclopentasiloxane (and) Trimethylsiloxysilicate

Revision 00

Effective from: April 2026

Safety and Handling:

No special protection required while handling. Material Safety Data Sheet available on request.

Warning:

Flammable Liquid. Keep away from heat sources and naked flames.

Packaging:

Available in 20L and 50L Drums.

Disclaimer:

Customers must evaluate **VV™ Siloxa™ Lite** resin and make their own determination as to fitness of use in their applications.
